

## **Fields and Waves (ECSE-2100) Spring 2024**

### **Digital Tools Acknowledgment**

As described in the syllabus, ECSE-2100 uses several external services to manage course content and grading, including Gradescope and Discord. These online tools provide services designed to assist schools, teachers and other educational partners to improve student learning outcomes. In some circumstances, these online tools may receive personally identifiable information about students (“Student Data”) from the instructor in the course of providing this service. For example, an instructor will provide a class roster, email addresses of all students in the class, as well as coursework data that may be linked to a particular student. All listed online resource companies used by the instructor consider Student Data to be strictly confidential and have physical, administrative and technical security protections in place to protect such data. They do not use personally identifiable Student Data for any purpose other than to provide the services to the instructor, and they do not share personally identifiable Student Data with any third party except as authorized or required by the instructor. The online tools above may collect, analyze, and share anonymized or aggregated data or data derived from Student Data for certain purposes, but only if the disclosure of such data could not reasonably identify a specific individual or specific School. Collection and use of Student Data provided by the instructor is governed by Terms of Service for each platform and by the provisions of the Family Educational Rights and Privacy Act (FERPA). Student Data is provided and controlled by the instructor. If you have questions about reviewing, modifying, or deleting your personal information, please contact the instructor.

All live sessions will be recorded, including your questions and comments and possibly your video if your camera is on. If you don’t want to be part of the recordings, please be sure to turn off your camera and microphone.

By signing this acknowledgement, you agree to the usage of the digital tools mentioned above for distributing, collecting, and grading your homeworks, exams, and chats in ECSE-2100 this semester. Your assignments will not be graded without a copy of this form on file; please see the instructor if you have any concerns about how a specific tool will be used.
